

Quality Dust Respirator 8210 N95

Product # 9608210

DESCRIPTION

The 3M(TM) dust respirator 8210 N95 is designed to provide reliable, high-quality respiratory protection against certain non-oil based particles. The 8210 offers a number of benefits to you and your workers. NIOSH N95 approved.

- At least 95% filtration efficiency against solid and liquid aerosols that do not contain oil.
- Advanced electret media.
- Advanced electro-statically charged microfibers make breathing easier and cooler.
- Helps provide worker protection.
- Lightweight construction.
- Promotes worker comfort.
- Contributes to increased wear time.
- Adjustable nose-clip.
- Helps provide a custom fit and secure seal.
- Reduces the potential for eyewear fogging.

Because they are comfortable to wear and easy to use, workers are quick to accept and use maintenance free respirators like the 8210. These respirators can provide protection equivalent to a rubber face piece respirator at a much lower cost and greater convenience.

TECHNICAL SPECIFICATIONS

Product #	9608210
Protection	Against Certain Non-Oily Particles
Application	Without Valve
Type	Dust Masks
Brand	3M

APPLICATION

- Grinding - Sanding - Sweeping - Bagging - Woodworking - Foundries - Other dusty operations
