

Elite Strainers

Product # GER010614

DESCRIPTION

A revolutionary complete system featuring a clean-room-manufactured strainer, dust-free storage, and no-touch tab dispensing to ensure that each strainer is 100% free of contamination at final use. Developed to provide the critical and increased level of purity required for preparing today's waterborne, basecoat and clear-coat paints, and endorsed by the leading manufacturers of refinish paints.

Clean-room product:

- Gerson Elite paint strainers are manufactured using Gerson's exclusive, fully automated clean-room manufacturing process and spectrographically lot-tested filter material to ensure that each strainer is pure and 100% contamination free.

Protected storage and dispensing:

- Gerson Elite strainers are dispensed from the patent-pending Elite strainer dispenser that is designed to provide clean, dust-free storage and no-touch tab dispensing to ensure that each strainer is 100% free of contamination at final use.

Sealed packaging:

- Gerson Elite paint strainers are automatically packaged in sealed pods to protect their contamination-free purity until final use.

Defect-free finish:

- Manufacturers of today's high-tech refinishes mandate cleaner paint processing to ensure defect-free finishing. The Gerson Elite Paint Strainer System delivers superior contamination control to help ensure a perfect finish. This system is endorsed by major paint manufacturers throughout the world.

Contaminant-free storage and dispensing:

- 1. Place sealed strainer pod into dispenser, with strainer dispensing tabs facing forward.
- 2. Tear away protective plastic along perforations, then remove.
- 3. Close dispenser lid and dispense strainers downward one at a time with the dispensing tab.

190 micron pads
