

## Zinc-Plated Wood Screw, Pan Head, Square Drive, Coarse Thread, Regular Wood Point

**Product #** PKCZ8916PRJ

### DESCRIPTION

#### Zinc plated assembly screw

These screws are designed for a wide range of applications, offering durability, ease of installation, and corrosion resistance due to their zinc plating. These screws have a Square drive.

### ADVANTAGES AND BENEFITS

- The pan head design features a low-profile, flat head with a slightly rounded top, resulting in a broad and smooth bearing surface which distributes load evenly - The coarse thread offers strong grip, and the regular wood point allows for easy penetration
- The regular wood point design speeds up the installation process, making it particularly useful when you need to secure wooden materials efficiently
