Width - Overall Dimensions	6 3/4 in
Length - Overall Dimensions	12 13/16 in
Production Delay	In Stock
Projection - Overall Dimensions	3/4 in
Color Group	Wood Group

INCLUDED PRODUCT(S)

- Frame included

IMPORTANT INFORMATION

When varnishing register, it is important to varnish the entire register so that the timber maintains a stable moisture content between 6% and 9%. This will prevent the register from bending due to ventilation.
